

QuReader® 8 Green

<http://cn.lumiprobe.com/p/fluorometer-qureader-8-well-green>

The QuReader® 8 Green fluorometer is a desk fluorometer with a touch screen designed for dsDNA, ssDNA, RNA, and protein quantitation. The QuReader® fluorometer enables the fluorescence measuring for up to eight samples using green channel. Total compatibility with the QuDye® assays ensure highly sensitive determination of nucleic acid and protein concentrations in the lower pg/uL range.
